Memorandum

To General Superintendent

Date June 29, 1977

From S.L. Miller- Administrative Aide-Water Maint. & Serv. Dept.

Subject Tandem Dump Truck & Line Truck

COPIES TO:

Our request for a new tandem dump truck is based on the age and repair cost to Unit #116. From 1975 to the present time, there has been \$7954.47 worth of repairs on this unit. It is a 1967 Ford dump (10 years old). The cost of repairs will get even higher and require repairs more often.

Our request for a new line truck is based on the fact that Unit #107 is a 1965, 2-ton. It has been taken off the road due to being unsafe to drive. The repair cost would be as high or higher than the purchase of a new vehicle.

Sheridan L. Miller

SPECIFICATIONS QUESTIONNAIRE

Bidders Proposal - To be Completed
By the Bidder

Make: Delphi Model: 4201-a Year: 1977

1. 132" 4 Man Crew Cab Water Construction Body with insulated and lined crew cab:
our standard body is print 4201-A - 128" long by 93" wide to fit your truck.
2. Regulator controlled window in crew cab door, with sliding window on street side:
all of our ventilating windows are sliding type.
3. Sliding window in rear of truck cab and in front of crew cab: Delphi
4. Dome light in crew cab: 12 volt Delphi Std.
5. Crew Cab heater: Hot Water - control under seat next to door.
6. Map box in crew cab--16" wide X 10" high X 3" deep: Delphi
7. Padded crew seat and backrests: Delphi std spring seats -- fireproof.
8. Folding desk: Delphi Std
9. Compartment under crew cab on floor: our standard
10. Telescopic roof: 1 section sliding roof as shown on print.
11. Dome light in body: our standard light with a screen guard.
12. Single drum 8,000 lb. winch, 2 speed forward, 2 speed reverse. Controls on truck cab floor: Braden model A 8--10, 8,000 lb cap.
13. Winch cover: our standard
14. Sheave wheel assembly: top sheave bar and sheave wheel.
15. Fixed window in body: included.
16. Ten material hooks on each side: as shown on print in cargo area.
17. Pipe compartment open at both ends for six - 20 ft. sections of 2" copper tubing
Detachable pipe support bracket on front bumper with pipe tie down will be required.
Built by Delphi to meet customer spec.

18. Tool compartments open on one end and side: Delphi
19. Flare and tool rack. A 2" single lip on top for flares. Full length of body:
to meet customer spec.
20. Safety tread steel floor plate: 4 way safety tread plate.
12 gauge.
21. Star shaped vice and swivel sheave socket: Gar Wood type.
22. Heavy duty pintle hooks. Type T100A - Mounted 27" from ground in center of frame.
Reinforced for trailer towing: Holland Mfg.
23. Safety chain hooks: by Delphi
24. Four (4) prong waterproof trailer light socket: Warner 4 way socket.
25. Stirrup steps: by Delphi on rear of body
26. Grab handles: on rear of body
27. Safety plate rear bumper extension: build per our print
28. Stop and tail lights on both sides: we will install truck lights on rear of body
29. Turn signals on both sides: flush mtd on rear of body - Grote
30. Three (3) Amber, flush, beehive lights on both sides: all clearance and marker lights
31. Amber warning light: Grote or Signal stat flashing lite.
32. 6" Red reflectors on both sides: Grote
33. Plate holder: Delphi
34. Right front bin with two adjustable shelves with 2" lip: included in body
35. Right center bin with two trays adjustable on 3" centers: included
36. Right rear bin with one fixed shelf with 1" lip: in body
37. Hold down bracket and base for 6" presto-lite gas tank: with the body
38. Hold down base, gutter and drain for water cask: in body right rear comp
39. Five (5) gallon water cask: Igloo
40. Left front bins with 3 adjustable on 3" centers: with body

41. Left center bin with two (2) trays adjustable on 3" center: _____
with body _____
42. Left rear bin with two adjustable shelves with 2" lip: _____
with body _____
43. Paint color to be light blue: included - DuPont Delux Enamel _____
44. Rust Proofing is required on entire vehicle: _____
Tuflex RP 785 _____

Note: Truck must be delivered to our plant without a frame mounted gas tank. If the truck has a frame mounted gas tank it will interfere with the mounting of the body onto the truck frame. Tank will be removed or the body tool compartment will be cut away to allow room for the tank.
If this work is necessary please add \$150.00 to body cost.

Truck should have the step gas tank on the cab, or, a gas tank tucked up under the running board and does not extend back of the cab, or it must be inside the truck cab back of the seat.

Note: our body print does not show all of the detail as to compartment arrangement. However, we will provide all of the shelves, hooks, water cask shelf, pipe racks, etc., as listed in our bid. All of these details can be worked out if we are the successful bidder. Our sales representative will work with you to be sure we know what to build and where to put it on the body.

Thank you
